

Gloucester Point Baptist Weekday Preschool

Dear Parents/Guardians:

Gloucester Point Baptist Weekday Preschool is a curriculum-based program with a Christian foundation that addresses the whole child. Our goal is to attend to the social, physical, spiritual and intellectual needs of your child within a balanced program. The curriculum includes Language Arts, Mathematics, Science, Music, Arts, Bible Stories and Christian values with an emphasis on fine motor skills. An active volunteer program with parents/guardians supports the Preschool's program with Food Science, activities and field trips.

We encourage cooperative learning through play, independence and socialization within an interactive environment. We strive to assist children in learning to accept diversity in others while understanding and appreciating the world in which they live. Come by and see what we are all about.

God Bless!
Kathy Garrett
Preschool Director
